Contest Date/Time: 5/23/2022, 7:00 PM  
Incident Type(s): Player Misconduct, Coach Misconduct  
Age of Teams: U15  
Gender of Teams: Girls/Women  
Person Reported: Coach [REDACTED], Unknown Person/player on [REDACTED] Bench

Report: My AR1 and I did not have an AR2 for this game which I made both teams aware of before kickoff. Throughout the game, [REDACTED] coach [REDACTED] repeatedly and publicly challenged calls including offsides calls on the side of the field without an AR. His players fed off this behavior and a strong "tell" was needed telling Coach [REDACTED] that further outbursts would not be tolerated, the coach reigned in his comments to a lower level although his frustrations had raised that of his players.

After the final whistle, [REDACTED] Coach [REDACTED] and [REDACTED] coach [REDACTED] were arguing with each other near the halfway line over some aspects of the game that I could not catch. I told them to go their separate ways and started helping the next game's referees get the field ready, for which I was AR1.

Coach [REDACTED] then asked to speak with me and advised me that his players told him a girl on the opposing team's bench said "we're gonna kick their asses after the game" at some point in the 2nd half. I advised the coach that I did not hear that personally but would record it in my game report and check with my AR. I spoke with the opposing [REDACTED] coach, [REDACTED], to ask if he had heard the reported comment, and he advised he had not. My AR1, [REDACTED], was playing in the next game and had gone to change so I was unable to immediately verify the report with him.

Due to being down an AR, I was unable to say where Coach [REDACTED] was in relation to the bench to know if he should have heard it. I was eventually able to review the incident with my AR1 who confirmed he had heard someone on the [REDACTED] bench say "we're gonna kick their asses after the game" but was unable to identify who had said it. I do not know if a non-rostered player was on the bench at the time.

Report: In the second half I called a penalty kick for [REDACTED]. The coach for [REDACTED] got off the bench and left the technical area to the halfway line and started yelling about my decision. I showed the coach a red card for irresponsible behavior. I told the coach to leave the facility. He took his time, then started walking down the touch line towards the goal. We resumed play, the ejected coach stopped at the spectator side of the field, play was stopped and I told the coach to leave. The coach slowly backed towards the entrance to the facility. We resumed play, I added 5 additional minutes as a result of the delays caused by the coach since his team was leading.

Person Reported: [REDACTED] and [REDACTED]

Report: In the 25th minute, the goalkeeper ([REDACTED]) came out of the box to face an attacker about 6 yards outside the box. There were no other defenders and [REDACTED] slid for the ball, missed it, but the ball hit his outreached arm above his body and thus stopping the attack. [REDACTED] from [REDACTED] was then red-carded in the 25th minute for DOGSO-Handling.

During the first half, number [REDACTED] from [REDACTED] was cautioned incorrectly for a misinterpreted play with the goalkeeper. As the center referee, I went to talk with my AR1 ([REDACTED]) about the play as the coaches and players argued about the call. The coach walked down the touchline to demand an explanation and to tell me I was wrong. He was told to return to his bench and to stop arguing. My AR and I came to a decision about the call to take back the yellow card and the coach continued to stand near to us 2/3 of the way down the sideline. He was then cautioned in the 32nd minute for dissent.

During the second half of the game, there was a challenge by [REDACTED] that was ruled as no foul by me. The coach started saying it was a foul and how come it wasn't a foul loudly and directly to the field. Within a couple of seconds, [REDACTED] was fouled and a foul was called. [REDACTED] was then sent off for dissent and asked to leave in the 73rd minute. He would not accept the card and continued to argue, ask for an explanation, and complain. I asked the assistant coach to tell [REDACTED] to leave and go talk to the parents as they had also complained about this decision and there were a few things said throughout the game. [REDACTED] continued to ask for an explanation and ask why the parents needed to be talked to. [REDACTED] was then asked again to leave and he continued to complain and ask questions repeatedly. [REDACTED] went and warned the [REDACTED] parents in the 74th minute.

█ eventually left after asking him several additional times. The final score was 3-1 with █ winning. After the game, █ came to the center of the field to ask me for a continued explanation and I told him he needed to return to his bench. He refused and was then cautioned for dissent. As the referee crew left the field, the red-carded coach had returned and asked us how many games he would be suspended. I told him I did not know and he would have to take that up with █. He then went into asking about the game and why he had been red-carded. I left the area at this point as I was done talking with this coach.

Report: In the 20th minute I called a █ foul for charging. The █ player landed on his shoulder and the █ coach, █ wanted a yellow card. I told him that it was a foul that was called, but it was not excessive.

In the 40th minute, █ for █ made a hard charge on the █ keeper as the keeper was catching a ball near the top of the box. He stopped, but his hands touched the keeper. I gave a verbal warning and told him not to touch the keeper.

In the 42nd minute, a ball was just off net, the [REDACTED] keeper caught the ball and [REDACTED] for [REDACTED] put his shoulder on the ball to knock it free. I gave a yellow card for Unsporting Behavior.

Throughout the game the [REDACTED] bench was questioning calls. In the 59th minute I called for a penalty kick due to a tripping foul by [REDACTED] in the box. [REDACTED] scored on the penalty kick. Coach [REDACTED] from [REDACTED] kept questioning the call and said "You owe us one". I told her not another word.

In the 88th minute, [REDACTED] crossed a ball through the penalty area. The [REDACTED] keeper came out, dove for the ball and players in front of the goal were also going for the ball. Incidental contact was made with multiple players. The ball was bouncing free in the box. The keeper was down. I waited until the ball was cleared outside of the penalty area, at which time I blew the whistle. The keeper was down holding his shoulder and upper arm.

At this time, [REDACTED] ran up to me, bumped into my shoulder and was yelling at me wanting call a foul. I gave a yellow card for Dissent by Action. He started complaining. I told him not another word. He responded, "I don't give a fuck what you say." I then gave him a red card for Offensive Language. He then continued to yell at me wondering why I was letting the injured keeper choke. I went up to the keeper and called for the coaches to come out. [REDACTED] continued to yell at me as he left the field. He then sat on the sideline and raised both middle fingers at me and told me to "Fuck off" and "Suck my dick". I told Coach [REDACTED] that he needed to be removed from the field as he was on a red card and using abusive language.

After the game, Coach [REDACTED] approached me and stated that I did not have control of the game and that because fouls weren't called earlier players were injured. I reminded him that I did not have to speak to him.

Due to the distance of the ball from [REDACTED] at the time of his kick-out as well as the force used by [REDACTED], he was consequently sent off in the 89th minute for violent conduct.

After the conclusion of the game, [REDACTED], the coach of the [REDACTED] team as well as another [REDACTED] player, approached my team and in a very polite manner to raise our attention to some inappropriate language that was being used by [REDACTED] players towards [REDACTED] players. Neither I nor my team heard any of these comments and apologized to both the coach and player for not hearing the comments. No disciplinary action was taken.

Report: The SRC was sent the following incident report via text message and it is summarized here. No full report was sent by the referee or the host club, only screen shots of a text message exchange.

The [REDACTED] coach was observed at halftime challenging the center referee about her offside decisions. There were only two officials for this game, so the referee was responsible for offside decisions on one side of the field. Before the start of the second half we observed the referee in tears. We reassured her that she was doing a fine job.

After the match the [REDACTED] coach again approached the referee. He became defensive and said he was "just asking a question," and she became disrespectful to him. He also claimed he was apologizing after the match.
